

Technicon 23

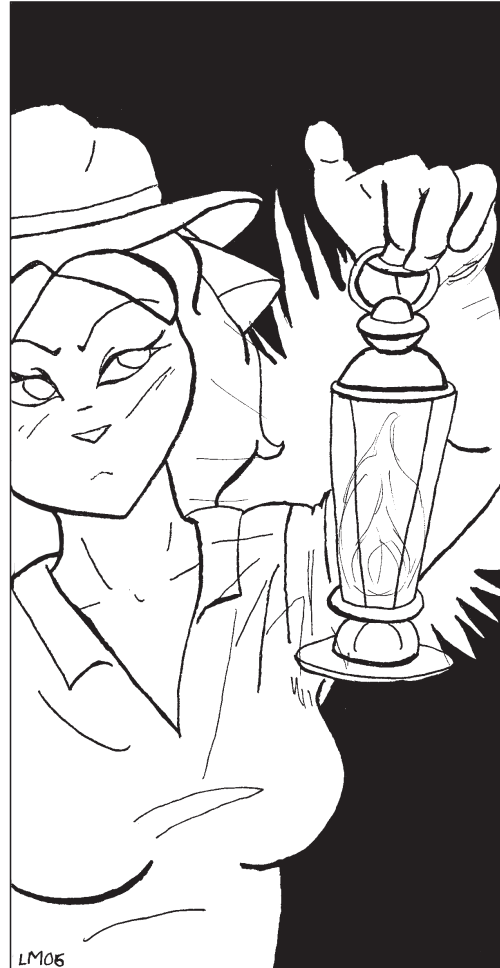

CHILDREN OF THE NIGHT

Technicon 23, the annual convention of the Science Fiction & Fantasy Club of Virginia Tech, will be held March 31st through April 2nd, 2006 at the Ramada Limited in Blacksburg, Virginia! Joining us this year are best-selling author HOLLY LISLE and acclaimed artist DIANA HARLAN STEIN!

We will feature panels throughout the weekend led by our guests and our crack team of experts. Come see independent science fiction films, get your writing critiqued, or spend some quality time with our guests as they discuss their creations!

We also feature a 24/7 gaming area featuring a variety of games from Dungeons & Dragons to board games to collectible card games. In addition, we will have a LIVE ACTION ROLE-PLAYING game that will last ALL WEEKEND. Come and get in on the gaming action!

Other entertainment includes 24/7 anime and video rooms, a costume contest, a dealer's room filled with purveyors of fine wares, and much, much more! So mark your calendars for a weekend of fun-filled entertainment!
